

—Leslie
Ardmore, TN

“ Six of my teeth were knocked out by my abusive ex-husband. I felt so much shame that I quit my job and never left my house for 4 years. Hope Smiles changed my life! I have confidence again and believe I have value. I volunteer and I've gone back to school for my teaching certificate — things I never would have done if it weren't for Hope Smiles! ”

MISSION While dental care remains largely unaffordable and inaccessible to those in low-income communities, Hope Smiles provides innovative and compassionate treatment for the underserved.

Our low-cost, high quality model enables us to offer emergency, comprehensive, and restorative treatment to those who would otherwise not receive the vital care they need.

STRATEGY

We operate a dental clinic at the Dream Center in Nashville, facilitate mobile treatment outreaches throughout Middle Tennessee, and sponsor a dentist and dental practice in Uganda, Africa. We also serve as an unparalleled learning center, providing advanced educational opportunities for dental professionals and students, offering hands-on training while tangibly serving those in under-resourced communities.

Since 2006, Hope Smiles has provided underserved communities with over

\$725,000
worth of treatment

GET INVOLVED

You can play a significant part in restoring smiles, health, and hope in Nashville and around the world. Volunteer with us for a unique opportunity to make a lasting difference.

Every dollar invested in Hope Smiles directly transforms lives. Our low-cost sustainable model of treatment leverages your financial partnership for maximum impact.

Partner with us to help provide care for *individuals*, *families*, and *communities* in tremendous need.

**IT'S NOT ABOUT
RESTORING TEETH.
IT'S ABOUT
RESTORING HOPE.**

IMPACT

The dental care we provide renews dignity and confidence in those who have faced unimaginable challenges. With proper treatment, the marginalized are empowered to gain employment and build a better future for their entire family.
